OUR WINE LIST

Our wine list

Our wines have been chosen to enhance the many subtle flavours of our Turkish cuisine which represents a subtle blending of some of the oldest recipes from the Ottoman Empire with modern flair. We have chosen wines from many parts of the world, including Turkey which has an history of wine making going back some 7000 years. In addition we have a good range of Australian and European wines demonstrating the universal appeal of wine to all food types. Generally our wines eschew the full frontal attack in favour of those which offer more fresh, subtle and complex flavours lifting the spices and bringing to life the romances of a bygone era.

We believe that wine is a very personal taste and have sought out those that offer good value for money at all levels. Whatever the price point you will find delicious and complimentary wines which enhance the spice and flavours of our food.

Above all wine is to be enjoyed so have fun, experiment with some of our selection whether it is for a special occasion or a great dining experience with a few friends.

New to our wine list;

We have introduced two new wines to our list in the last week, both of them white and perfect for the balmy weather of Autumn we are currently enjoying. We are absolutely delighted to have the new release from the seriously great vintage of 2015 of Salomon **Gruner Veltliner 'Wieden and Berg'** (\$58) from Austria. This is a delicious fresh wine with a great swirl of flavours, a lovely texture and perfect with our famous cilbir, barramundi, chicken circassian or leek & fava. .

Our second wine which is new to the list is from New Zealand. The 2015 **Mammoth 'Rare White'** (\$78). Is an organic, carbonic (referring to the enzymatic carbonic activity inside the grape) from a dry grown vineyard on the Waimea plains. Unfiltered, delicious flavours with loads of stone fruit, citrus and spice. Very layered, very serious. Made from the the Sav Blanc varietal but with a unique flavour. Will complement cilbir, barramundi, chicken circassian.
